

Will the Lullabub work with your cot?

The Lullabub will work with 90% of standard cots that are on the market.

The legs of the cot are most important to check before you order!!!

Please print out this sheet, cut out the shaded area's and check measure them against your cot legs.
Your cot legs have to be within No. 1 or No.2

There is one more measurement to check!!

The distance from the bottom of the timber leg, to the underside of the end panel has to more than 90mm.
